Held at Lady Margaret Hall
University of Oxford, UK
13th – 18th December 2022

In collaboration with:

Mastering Leadership and Team Building

Unleash your inner potential!

Create the Time of Your Life!

The Mastering Leadership for Youth Programme gives high school students the opportunity to live, learn, eat, and play on the campus of Lady Margaret Hall of Oxford University for six days while learning about the English language through drama and plays, public speaking, critical reasoning, and informal logic workshops as well as solving social problems through simulation activities.

During the programme, students will be given an extraordinary opportunity to go into the heart of one of the world's most celebrated universities and to experience life as an Oxford undergraduate. A full schedule of exciting visits and excursions provide an authentic taste of English's history, culture, and traditions.

At the Mastering Leadership for Youth Programme, we aim to empower students to become leaders and change makers. In this programme, students will learn to have a greater sense of who they want to be and what they want to do in the future. They will develop and exude greater confidence and ease in whatever they plan to take on and gain a better understanding of what they have to offer, no matter what career path they choose.

Students will discover what it takes to stand out in today's ever-changing world and will have the opportunity to create and experience things they will never forget and walk away with valuable knowledge that last for a lifetime!

The test of leadership is not to put greatness into people, but to elicit it,
for the greatness is there already.

James Buchanan

Leadership is the key to success in every profession and is the core element of the programme. In this programme, students will come to Lady Margaret Hall, Oxford University and actively participate in leadership workshops as well as meet with and learn from experts in literature, theatre, voluntary service, and critical reasoning.

Our aim is to produce leaders and thinkers who go on to have significant influence and impact around the world. The student's participation in the programme will be in an open and fun learning environment. They will participate in team-building activities and hands on service projects designed to expand and challenge their leadership and service skills. Working with experienced leadership facilitators, students will discover and develop leadership skills needed in high school, college, and their future chosen profession.

Leadership and learning are indispensable to each other.

Course Location

Lady Margaret Hall (LMH) is a pioneering Oxford University college. It has been changing lives since 1879, when it became the first to educate women – until then excluded from Oxford. LMH admitted men in 1979 and, in 2016, became the first Oxbridge college to establish a Foundation Year for under-represented students. Among LMH famous alumni is Benazir Bhutto, the former Prime Minister of Pakistan.

Although courses content will be challenging, homework is limited to ensure that students make the most of their time in Oxford.
